

ENTALLY NOTE BOOK

LORETO CONVENT ENTALLY

Every Child is Precious

Principal's Desk

A warm welcome from Loreto Convent Entally!

Being the Principal for this academic year 2016-17 is an honour and fills me with excitement and pride. Every day was a day of enrichment and enhancement for students, staff and parents. It was a year of myriad activities both inclined towards curricula and co curricula dimensions. From Grandparents Day to Vanmahotsav to Janmastami Day, culminating in the Annual concert titled 'The Dream', the little ones proved their mettle. Our young girls too got into the driver's seat with intra and inter school activities. The icing on the cake was our celebration of the 175 years of Loreto in South Asia.

Our doors are always open for questions and concerns which would relate to the growth of the child and Institute. I hope in the next academic year our students imagine their potential and reach for the stars with their hands stretched out in all their endeavours across the school.

On a note of gratitude I would like to conclude by thanking you for providing my staff and me the opportunity to be a part of your child's learning experience.

Message

Loreto has always laid emphasis on Value Education and All-round Development. Hence, the emphasis is not on marks but on the growth of each child, not on punishment but on constant guidance and care of the different needs of each individual.

We celebrate this achievement over the past year and strive to improve even further in the new academic year ahead.

Because of the democratic nature of the school, it is important that whenever we make decisions we consider on:

How does this decision affect -

The economically deprived child?

The academically weakest child?

The emotionally disturbed child?

Keeping these different aspects in mind makes the task of the Teacher/the Educator very challenging but enriching, for even one small awakening of consciousness contributes to the expansion of the whole. If we achieve this, we have achieved much.

Good wishes and thanks to all of you who have accompanied us on this journey to holistic education, particularly to our Staff, Parents, Benefactors, Well wishers and Friends. Your contribution definitely adds to the 'completion of the whole.'

God Bless

Sr. Antoinette Rodrigues

Superior, and

Secretary of the Managing Committee,

Loreto Convent School, Entally

The real meaning of genius is to "give birth to the joy" that is within each child. Every child is born with that capacity. Young children have vivid imaginations, creative minds and sensitive personalities. It is important that we as educator and parents reserve these genius characteristics of children as they mature into adulthood. Treat each child as a unique gift from God capable of doing wonderful things in the world.

Ms. Deborah D'Silva
(Junior School Co-ordinator)
